

Dear Wee Love Students and Families,

It is hard to believe that July is here already. I feel like we just started June. Time is flying by and that means that soon we will be starting to get ready for the start of school. I am looking forward to being your teacher this school year and working with all of your families. I pray that all of your summers have been going well.

I am including a school calendar and also a supply list for all of you with this letter. I know that the supplies hit the shelves pretty early, so I wanted to make sure that these got in your hands. We will be having some visits coming up in August. You can choose a school or a home visit. At these visits we will get to know each other a little better and I will also collect school supplies and any registration forms we may not have from you yet. Please note that there is one form that the doctors need to sign. We do not have a fax at Wee Love, so they will need to be picked up by you and handed in with your other paperwork or mailed to us at Wee Love. Please try and make sure this paperwork is ready to go before the start of the school year. Thanks for helping keep our files up to date for the state!

God's blessings on the rest of your summer. See you soon!
