

AUTHORIZATION TO PICKUP CHILD

Wee Love Learning Center

Parents may find it necessary to authorize another trusted person to drop off or pick up their child from school. No child will be released for pick up to anyone except a parent or another person who has been pre-authorized by the parent/guardian by completing this form.

Please complete this form and return it to the director/teacher. If the person who wishes to pick up the child is not recognized by the teacher or helper, identification may be requested. Anyone who wishes to pick up a child must be able to produce such identification (valid driver's license) if requested. If no identification is available, the child will not be released. These precautions are for the safety of your child.

Promptness is important at the end of the school day. Please read carefully the preschool policy manual section on tardy pickups.

I hereby authorize the following person to pick up my child from Wee Love Learning Center.
