

PERMISSION TO PHOTOGRAPH

Wee Love Learning Center

Dear Parents:

From time to time during the school year, we take photos of individuals or the class for typical school functions (newsletters, class pictures, bulletin boards, art projects, etc.). Photos may be taken during field trips or simply of daily activities at school. In addition, photos of children in the classroom activities may be taken and considered for use in promotional materials or to show to parents who are interested in Wee Love Learning Center. Pictures may also be used in student portfolios which are kept in our classroom.

*Please note that this permission slip will also include use of pictures for our Facebook page and website. These will be visible to the public as a form of advertising, similar to our newsletters and brochures. No personal information about any child will be revealed online. When a caption is needed online, only a general comment about what is happening in the picture will be included.

We appreciate your permission to possibly include your child in these photos. If you have any questions or concerns, please speak with the director/teacher.

_____ I hereby grant permission to the staff of Wee Love Learning Center to photograph my child for purposes of school publications and promotional materials.

_____ I DO NOT permit Wee Love Learning Center to photograph my child for purposes of school publications and promotional materials.
